Editor: Louis Crusenberry 318 443-9009

For those that went to Poche's on Wednesday and Thursday saw some rain and pretty rough weather Thursday morning, but things cleared up and the

weather turned nice starting Friday.

I apologize to those that prepared the great fish dinner for not getting any pictures. I had my camera set wrong and all the inside pictures I took were out of focus. I did get some from the outside including these two

The fishing was good. Between Charlie and John they caught around 20 nice bass. The Haynes son, Cory was fishing also – not sure how many he caught.

It was decided at the meeting that we would cancel the trip to Alabama. It was decided that the fuel cost was not worth what we would see. Some discussion was to make a short trip. That will be discussed more at the June meeting.

Speaking of the June meeting, we will be camping at the Whispering Creek RV Park, in Newton, Texas starting on the 19th. By the way, Newton is only about 100 miles from all our members.

Everyone should call Charlie Haynes for information about the Friday evening meal.

Here are the directions to Newton: For you folks in Central Louisiana go to DeRidder, LA, then take 190 west. For you folks down south go to Longview, LA then take 110 over to 190 west. When you cross the Sabine River, you will travel only another 15 minutes into Texas

and the Park will be on the right side of Highway 190. Here is their website:

<http://www.whisperingcreekrvpark.com/>

Just a note: For you folks with internet service you can find just about everything you will need to know about all the campgrounds and RV parks where we camp by going to the Rainbow Riders website. www.rainbow-riders.net.

**Happy Birthday Charlie
Weatherford and Bonnie Hebert**

**Happy Anniversary Al & Margie
Hampshire and John & Charlie
Haynes**

Last summer, my husband, took me camping for the first time. At every opportunity, he passed along outdoor-survival lore. One day we got lost hiking in the deep woods. He tried the usual tactics to determine direction -- moss on the trees (there was none), direction of the sun (it was an overcast day), etc., etc.

Just as I was beginning to panic, he spotted a small cabin off in the distance. He pulled out his binoculars, studied the cabin, turned and led us right back to our camp. "That was terrific," I said. "How did you do it?" "Simple," he replied. "In this part of the country all the TV satellite dishes point south."

2008 Camping Schedule		
Jun	19 – 21	Whispering Creek RV Park, Newton, TX
